

# ZugerKB Investment Advisory Partner

Make the most of a genuine partnership for your financial investments.

**You value financial advice that offers strong services and a client focus. With ZugerKB Investment Advisory Partner, your investment decisions benefit from the support of your personal advisor, the quarterly monitoring of your portfolio and suggestions on any action required. An annual discussion also offers an ideal platform for evaluating and jointly optimising your investment strategy.**

## The right solution for you

If you would like a partnership for your investment decisions and want to consider our investment ideas in detail, then our Investment Advisory Partner service is the right solution for you.

## The benefits for you

ZugerKB Investment Advisory Partner enables you to realise an investment strategy tailored to your particular needs and to benefit from professional portfolio monitoring that reflects your investment style. Your personal advisor will provide you with active support, drawing your attention to any potential for optimisation in your portfolio.

## The key features

- Personal advisor
- Identifying your risk profile
- Defining the investment strategy based on your needs
- Investment proposal at the first meeting plus detailed proposals on how to optimise the composition of the portfolio
- Specific investment recommendations at maturity
- Annual personal portfolio discussion
- Quarterly asset statement with detailed information on the performance of the portfolio
- Quarterly monitoring of the portfolio and suggestions on any action required
- Access to the in-depth package of Zuger Kantonalbank publications
- Invitations to specialist events

## The risks

- With Investment Advisory Partner, investment decisions are the responsibility of the client.
- Risks are associated with investments because, among other things, they are subject to financial market fluctuations.
- ZugerKB Investment Advisory does not offer any guarantee of a positive performance.
- The brochure "Risks Involved in Trading Financial Instruments" published by the Swiss Bankers Association provides detailed information about potential risks. In addition, further product documents are available for individual investment instruments.
